

[illegible]

Technical drawing of the 1000x1000x1000mm model, showing a side elevation and a perspective view.

**Side Elevation:**

- Width: 149
- Height: 149
- Labels: *cornio fumivento Ø300*, *filazione gas*, *cornio fumivento Ø300*

**Perspective View:**

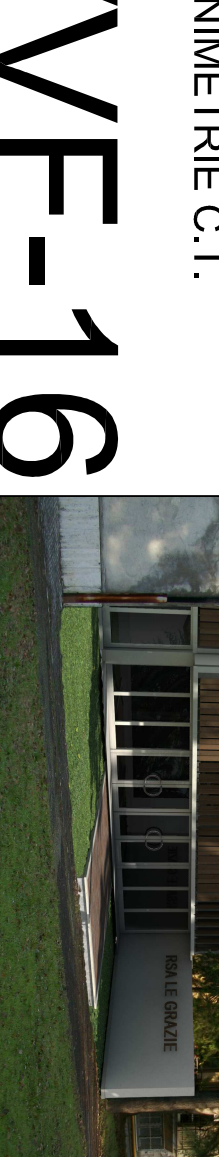

- Width: 155
- Height: 299
- Label: *Apertura griglia con copertura in lamiera*

[illegible]

The technical drawing illustrates the BWT SBI 120 water softener system. The top view shows a cylindrical tank with two pressure gauges, labeled "750 II". A dimension line indicates a diameter of 206 mm. To the right of the tank, a label points to the "Porto metallica grigliata superiormente 73 x 47". Below the tank, a vertical component is shown with a dimension line indicating a height of 300 mm. To the left of this component, a label points to the "Botta SBI 120 84 x 217". The bottom view shows the system's base, featuring a "Filtro grigliato 108 x 63" and another "Filtro grigliato 127 x 63". A label points to the "Iniezione gas" port. On the right side, a label points to the "cono tirante Ø200".
